I have made many friends at CMU. People are friendly and open-minded. Also, I received a lot of help with my paperwork, unlike other colleges where I applied. The admissions staff was always there with fast responses to all of my questions.

As a transfer student, it was important that my credits transferred smoothly and CMU made that process easy. CMU has a great club soccer team and I've enjoyed the opportunity to play and travel with the team. And the tuition price can't be beat.
